Samana Developers Unveils "Free UAE Golden Visa" for Investors of Dh2 million Worth of Properties

(Dubai)

At the back of increasing enquiries from existing and new investors and end-users, Samana Developers today unveiled a 100% free-of-charge golden visa for its investors who buy Dh2 million (USD 544,514) and above worth of properties from any of its projects in Dubai. The golden visa holder's family automatically gets the long-term residency.

Doubling the Number of Millionaires to Dubai
Samana Developers says its free golden visa offering is the first such offering in Dubai's real estate market. Six months ago, this type of visa was an indirect demand but is now being asked openly and directly. Samana Developers believes the 5-10 years residency is expected to double the number of new millionaires to Dubai from currently 4000 to 8000 by the end of this year. More millionaires landing up in UAE will increase demand for Dubai real estate backed up by UAE's ranking amongst the safest countries in the world. Golden Visa is a golden opportunity and an extra incentive for real estate buyers, along with tax benefits in Dubai. Investors in the UAE and in Dubai earlier used to buy one bedroom.

(Arcon was broken in the Hills project in September 2019) Samana Developers attributes the successful and fast-tracked construction project management, which has resulted in the eventual professional handover.

Samana launches Dhs400 million project in Dubai

Imran Farooq, Chief Executive Officer of Samana Developers, said: "We were bullish before rolling out this project as we have been receiving a high volume of interest from the investors. I believe the incorporation of resort-themed and sustainability aspects in project design will see greater interest in years to come in the wake of environmental and affordability concerns during the pandemic, which is almost over but will continue its ripple effects. Therefore, these trends will remain in demand."
